My name is Robert Myers, and I will be graduating from the University of Minnesota Cyber Security Boot Camp December 15, 2021. I will also be completing my CompTIA Security Plus Certification shortly after graduating. I am now ready to pursue my interest in the Cyber Security field with the education I have received.

I would very much like to discuss any employment opportunities with Northrop Grumman. I have a diverse background and feel that I would bring a solid work ethic and great attitude that will contribute to the Cyber Security Team. Myself and my family are very interested in relocating to the great state of Florida.

Thank you for taking the time to review my resume. I look forward to talking with you.

Sincerely,

Robert L. Myers
